

Breaking Through Obstacles to Urban Ministry

I. MUST KNOW GOD'S WILL

Often ministries are started because we agree it is the right thing to do; but, is it what God has led us to do?

II. MUST WORK WITH WHAT YOU HAVE

We all want mature, dependable, tithing people to work with, but often times we get what seems to be, elephants, monkey's and hyenas!

III. MUST HAVE VISION

It seems as soon as we commit to begin the ministry all the lights go out; then we find ourselves asking over and over again: "What did God say to do"?

IV. MUST ENJOY LIFE

One of the most missed joys in ministry is not enjoying the life or lives that your ministry has affected.

V. MUST GIVE HARDCORE SERVICE

God will always do more with faithful, dedicated people. Too many times we applaud tithing, offering and faithful church attendance as being dedicated. In my book that's called reasonable service!
